

Copra-Max

Premium Copra Meal

Copra-Max

Our Copra-Meal is produced by a quality Copra Mill in the Soloman Islands. Local farmers hand pick coconuts, remove the white meat and sundry it. The oil is then extracted from it and then it is ground to make the final product.

Copra-Max is a very palatable food source loved by many horses. It is high in protein, rich in oil. Copra-Max has less than 2% starch making it suitable for horses with such as Cushings Disease, Laminitis, Equine Metabolic Syndrome, Tying-Up, Obesity, and many others.

Copra-Max allows horse owners the benefits of a cost effective feed that supports optimum health and performance in all horse breeds for horses of all disciplines.
